

ATTENTION: WHOLE FOODS STORE MANAGER

Please stop selling rabbit meat of any kind in all of your stores. Many people feel very strongly about this topic including pet rabbit parents, animal activists and those that choose to not eat meat of any kind. Since rabbits are the 3rd most popular pet in the United States, you are potentially losing or will lose many customers as news about your policy spreads.

___ I have pet rabbits and consider them my family. I am offended, devastated and disgusted by the thought of your store selling rabbit meat. My bunny/bunnies name(s) is/are:

___ I don't have pet rabbits but feel strongly that you should stop selling rabbit meat.

___ I have stopped shopping at Whole Foods because you are selling rabbit meat.

___ If you stop selling rabbit meat, I will begin shopping at your store again.

___ I am concerned about animal causes and am against the sale of rabbit meat.

___ I do not eat meat and would like you to stop selling rabbit meat.

Please take a minute to think about how we feel, would you like to see your pet in a store sold as food in a meat or freezer case? Please help us stop the sale of rabbit meat in your store and be a hero - with your help, we can make a change one store at a time!
